Parking

There is no car park for visitors to the centre, however there is pay and display parking available on the streets around the centre. You will need to pay to park here so don't forget to bring plenty of change with you! Currently prices are: 50p per hour. You will only be able to park for 4 hours.

We have 2 disabled parking spaces available in the staff car park to the rear of the building, for drop-off only. To get to these spaces, you need to follow St James Road from either Great Albion Street or Broad Street until you cannot drive any further. Enter into the car park through the barriers on your right hand side – to get into the building you need to press the buzzer to the side of the door and let the receptionist who answers, know who you are here to see and they will unlock the door for you. You would then need to find further parking in the area as it is drop-off only.
