Our annual members' meeting

At the meeting we will also showcase the Trust's services from 12 noon, and present our annual report, quality account and overview of our finances for 2018/19 from 1pm. You'll also hear about key pieces of work the Trust completed and contributed to during 2018/19; what 2019/20 holds for us, and we'll celebrate 10 years as a foundation trust.

Our Care Quality Commission (CQC) well-led review

We received our core services and well-led draft report on 26 July. The Trust will complete a factual accuracy check before the reports are made final.

This check allows us to tell the CQC:

- Where information is factually incorrect
- Where evidence in the report may be incomplete

Once the CQC have considered our points and any supporting information, they will decide whether to amend the draft report and / or rating before it is published. Once the report is published it will be available here: www.southwestyorkshire.nhs.uk/about-us/performance/care-quality-commission/
