

## January update from children's speech and language therapy

### Service update

Emails to nhs.net addresses will not be monitored from our service from the end of January 2022.

Please send all communications to:

[barnsley.speechtherapy@swyt.nhs.uk](mailto:barnsley.speechtherapy@swyt.nhs.uk)

Staff have added automatic replies to nhs.net with their swyt contact details.

Please use this for all direct correspondence.

Appointments are still via Telehealth, supported by face to face where clinically necessary.

Our YouTube channel continues to grow with regular updates full of tools, tips and advice.

Don't forget to [subscribe](#) for notifications of when we post a new video and share them too!

We are always adding more information and resources to our [website](#) and [toolkit](#)

Remember, we are also on social media, check the links below.

### Training Update

We are currently delivering training online. You will need a device with internet connection to access these.

There are a small number of places available. Elklan must receive payment before the start date to allow access to the materials.

Non Elklan courses are free to Barnsley settings.

We can only accept 2 applicants from each setting per date of training to help with attendance due to bubble closures and staff cover.

**The following courses are available:**

**Pronunciation Difficulties in Children (Phonology)**

**Building Vocabulary Skills**

**Recognising and Managing Stammering**

**Language Ladder**

**Language Support for 3 to 5s / 5 to 11s**

contact : [barnsley.speechtherapy@swyt.nhs.uk](mailto:barnsley.speechtherapy@swyt.nhs.uk) to book or for more info

Recent feedback showed that our training was:

- very interesting, professional and well run, especially with current circumstances.
- informative and interactive with excellent resources
- really enjoyable, always to a high standard and quality
