

## Help advise hospitals on their support for smokers

The 'QUIT Programme' provides treatment and support for smokers in hospital.

Researchers at the University of Sheffield are looking to see if the support to quit smoking works.

### Could you help guide the research?

#### What will I be asked to do?

You will join a public group and come to 3 online meetings. We will tell you about the research and ask for your advice. You don't need any other experience.

You won't be taking part in the research itself, but will be helping us make sure we talk to patients in the right way, and clearly tell people about what we have found.

**Talk to a member of staff about the nicotine replacement therapies (NRT)  
and specialist stop smoking support available to you.**

**[www.sybics-quit.co.uk](http://www.sybics-quit.co.uk)**

We would love to hear your views about the QUIT Programme at an online patient workshop run by the University of Sheffield. £10 shopping voucher for all those taking part. Scan the QR code to find out more or email [j.doole@sheffield.ac.uk](mailto:j.doole@sheffield.ac.uk)

**For more information about the QUIT Programme go to [www.sybics-quit.co.uk](http://www.sybics-quit.co.uk)**

## How much time is needed?

Each meeting will be an hour and a half. We are expecting the first online meeting will take place in June.

## Will I be paid?

We will pay you £25 per hour.

## How do I apply?

Email: [j.doole@sheffield.ac.uk](mailto:j.doole@sheffield.ac.uk)

In the email please let us know:

- Your name, age and where you live
- Why you would like to be involved in guiding this research.

**PLEASE RESPOND BY 30 June 2022**
